I am a Flutter developer actively seeking a role where I can contribute my skills and experience to help an organization grow. I am enthusiastic about tackling new challenges and seizing opportunities for professional growth in mobile app development, creating user-centered, responsive applications, and enhancing cross-platform performance.

EXPERIENCE

Mobile Application Developer

Lalitpur

Susankya Global ,LLC

Aug, 2023 - Present

Experienced in Android and iOS development, with expertise in Firebase, API integration, Google Maps, state management (Bloc, Riverpod), routing (GoRouter, AutoRoute), and Google Mobile Ads. Specializing in consultancy and educational institute apps, delivering seamless, high-performance mobile experiences.

Mobile Application Developer

Kathmandu

Eydean Inc.

Aug, 2022 - Aug, 2023

Specialized in developing e-commerce, food delivery, and restaurant apps using Flutter, leveraging tools like Firebase, state management solutions, and robust API integrations to deliver seamless, high-performance mobile experiences across Android and iOS platforms.

Flutter Developer

Lalitpur

So Ezze

Dec, 2021 - Nov, 2022

Involved in building e-commerce applications from the ground up, collaborating with UI/UX and backend teams, and integrating payment solutions such as Fonepay, eSewa, and Khalti to deliver high-quality, user-centric solutions tailored to client needs.

Internship

Kathmandu

Yaj Tech pvt ltd

Sep, 2021 - Dec, 2021

Completed an internship where I gained hands-on experience with Flutter, Firebase, and Dart. Developed multi-language applications, enhancing my understanding of cross-platform development and improving my skills in building user-friendly, scalable mobile solutions.

EDUCATION

Bachelor In Engineering

Pokhara

Western Regional Engineering Campus

May, 2016 - May, 2021

Bachelor of Engineering in Electronics and Communication, focused on communication systems, signal processing, and electronic design.

PROJECTS

Online Vibrant - Entrance Exam

Utilized cross-platform Flutter development skills to create a seamless user experience on Android and iOS. Focused on performance, functionality, and integration with Firebase and APIs for effective exam preparation.
